Scope of Work

RFX-2026-0142 - FY27 IT Hardware Refresh - Enduser Compute, Datacentre & Network
Issued 04 September 2026 | Responses due 18 September 2026, 17:00 IST

1. Background

Kaveri Retail operates 1420 staff across three locations: Bengaluru (HQ), Pune (DC-West), Gurugram (DC-North). The current enduser fleet was acquired in FY23 and reaches end of standard warranty during FY27. This enquiry covers the refresh of that fleet together with the datacentre and network hardware required to support it.

2. Scope

Supply, delivery, installation and commissioning of 30 line items across four groups, as specified in *02_Line_Items.xlsx*. Quantities in that sheet are firm.

Group	Lines	Units	Covers
Enduser Compute	1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11	1180	LT-BUS-14, LT-DEV-14, LT-ULT-13, DT-SFF, MON-24, MON-27, DOCK-USBC, BAG-15, KBM-WL, HDST-UC, CAM-1080
Datacentre	12, 13, 14, 15, 16, 17	70	SRV-2U, RAM-32K, SSD-192, NAS-60, TAPE-LTO9, MED-LTO9
Network & Power	18, 19, 20, 21, 22, 23, 24, 25	107	SW-48P, SW-24SFP, SFP-10G, AP-WIFI6, PC-CAT6A, RACK-42U, UPS-10K, UPS-3K
Retail & Peripherals	26, 27, 28, 29, 30	311	MFP-A3, SCAN-2D, HHT-AND, DSP-55, WTY-EXT

3. Delivery locations and split

Enduser compute delivers to all three sites in the proportion 60:25:15 (Bengaluru : Pune : Gurugram). Datacentre and network hardware delivers to Pune (DC-West) and Gurugram (DC-North) only, split evenly. Retail and peripheral items deliver to Pune and Gurugram distribution centres. Exact site-wise quantities issue with the purchase order.

4. Included in scope

- Delivery to each site, unloading and placement.
- Unboxing, asset tagging against our asset register format, and recording of serial numbers in a returnable sheet.
- Racking, stacking, cabling and power-up of datacentre and network hardware. Firmware brought to the vendor's current recommended level.
- Windows imaging of enduser devices from an image we supply.
- Warranty and onsite support for the term stated in each line description, from the date of acceptance.
- Collection and certified disposal of packaging.

5. Excluded from scope

- Structured cabling and containment beyond patching to existing ports.
- Electrical work upstream of the rack PDU.
- Application software, licences and migration of user data.

- Buyback of the decommissioned fleet, which is being tendered separately. Question 10 of the questionnaire asks about capability only and is not priced here.

6. Indicative timeline

Milestone	Date
Enquiry issued	04 Sep 2026
Clarification questions close	11 Sep 2026
Responses due	18 Sep 2026, 17:00 IST
Commercial evaluation and clarifications	19 to 24 Sep 2026
Award recommendation to VP Procurement	26 Sep 2026
Purchase order	30 Sep 2026
Delivery window opens	15 Oct 2026
Full deployment complete	31 Jan 2027

7. Award basis

We reserve the right to award by line, by group, or in whole, to one or more vendors. Lowest price is not the sole criterion. A bid that fails any mandatory question in *03_Vendor_Questionnaire.xlsx* will not be considered at any price.
